**Re: Request for Public Hearing; Control Number 51841**  
**Review of 16 TAC § 25.53 relating to electric service emergency operations plans**

Disability Rights Texas (DRTx), respectfully requests a public hearing to allow for public comments on the proposed rules, relevant to Emergency Operation plans and the emergency planning process. DRTx represents and advocates for individuals with disabilities to ensure they are afforded an equitable response and recovery in all disasters and emergencies.

DRTx is one organization working collectively with other disability stakeholders to address the back-up power needs of individuals who use life-sustaining durable medical equipment. We hope to better educate and collaborate with appropriate public and private partners for a whole community, all hazards approach to ensure inclusive planning practices.

Thank you.

A handwritten signature in black ink that reads "S. Duke". The signature is written in a cursive, flowing style.
